

STAR LAKE/LITTLE STAR LAKES ASSOCIATION, INC.

A CALL TO ARMS!!!!

All of us have contributed money to the Association and now comes our first test. We must respond to the proposed ATV Trail situation. **PLEASE PLEASE** fill out and mail the enclosed survey forms. If we can have all surveys and letters in opposition arrive at the DNR by November 1st we will have really accomplished something.

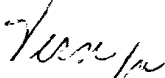

PLEASE JUST DO IT!!!

As most everyone in and around Star Lake and Sayner know ATV vehicle owner's have approached the DNR to have trails put through our National Highland-American Legion State Forest which includes many State Natural Areas. Year round residents and seasonal land owners will all be affected in some way by the ATVs. Two ATV trail alternatives labeled A1 and A2 will run between Sayner and Stillwater's in Star Lake. Everyone enjoys the beauty of our forested areas and lakes and the Trumper's Trails we have worked so hard on, and would not want to have ATV trails damaging the forests, wetlands, lakes and rivers and threatening the wild animals and birds in the areas as well as bringing terrestrial invasive species to our lands.

Enclosed is a survey we are sending to all members and non-members of the Star Lake/Little Star Lakes Association, Inc., to fill out and send back to the DNR (the address is on the backside of the last sheet). Items No. 1 and 2 should have the last block checked and Items No. 3, 4 and 5 all need to have comments from you. The DNR will not count the survey if there are no comments on them. Your input is very important and should be POST-MARKED by November 1, 2007 in order to have your comments counted. Please follow the "MAILING INSTRUCTIONS" box on the last page.

Thank you all for your time and support,

"This is a test... we will be checking"

Vern Oie
President

Star Lake/Little Star Lakes Association, Inc.
